We know the grief process for Seniors in High School is especially challenging during this COVID19 pandemeic. The loss of time with friends, PROM, Senior Nights and Graduation is too much at once! The times they have looked forward to for four or more years have changed.

Support Group May-mid June to support teenagers who were supposed to be enjoying their Senior activites to process the losses and support one another.

It will be faciliated via Google Meet HiPAA compliant software by Monica Montoya, APPC supervised by Lysette Del Castillo, LCSW.

The group is discounted to \$40 per session and \$240 for all 6 weeks. If not already a patient, individual assessment required and this fee is \$60.
